INTRODUCTION

These guidelines provide the essential information necessary for the preparation and submitting of a grant concept/application for the award year 2017. You should pay particular attention to the types of actions that fall within the funding priorities of the Regional Cooperation Council (RCC), and to the aims of the priorities and Programme Grants approved by the RCC Board (for details see below).

These Guidelines are intended to be used by those applying for grants under the 2017 Call for Proposals for the Work Programme for Grants of the Regional Cooperation Council for the years 2017 - 2019 (hereinafter ‘the Programme’). This Programme is the result of planning efforts made by the RCC in relation to the accomplishment of the goals of the Strategy and Work Programme (SWP) 2017 -2019. The RCC SWP 2017 – 2019 sets down the priorities identified by RCC reflecting the national and regional priorities, the determination of all the governments in South East Europe to embrace the bold policy approaches required to attain the levels of socioeconomic growth necessary to improve the prosperity of all its citizens and to facilitate integration with the European Union.

Grant schemes, such as the one which is the subject of this call, are launched at regular intervals in order to select projects that contribute to achieving the strategic objectives closely interrelated with thematic objectives derived from the RCC SWP 2017- 2019. The Strategy and Work Programme 2017-2019, ‘Changing with the Region’, of the Regional Cooperation Council (RCC) Secretariat, endorsed at the RCC Annual Meeting, on 31 May 2016 in Pravets, Bulgaria, is designed to respond to the needs of the region and to add value to cooperation in South East Europe in the areas of joint interest. The Strategy and Work Programme outlines the organisation’s vision and activities for the next three years.

The SWP 2017-2019 has been developed in close consultation and cooperation with the governments in the region. RCC Secretariat consulted other stakeholders in the process, such as the private sector representatives, relevant regional cooperation mechanisms engaged in the implementation of the priority areas of this Strategy, along with the European Commission as one of the key contributors to the development efforts in the region.

Over the next three years, RCC will work to reduce – and where possible remove – the obstacles to increased mobility, enhanced connectivity and improved competitiveness in SEE, while also contributing to better governance, improved functioning of the rule of law and enhanced security in the region.

RCC will continue to engage with all participants from SEE, guided by the South East Europe Cooperation Process, in order to ensure broad geographical scope of cooperation.

More detailed information can be obtained on the following link: http://www.rcc.int/pages/92/strategy-and-work-programme-2017-2019brrnchanging-with-the-region

The Programme is implemented by the RCC Secretariat, responsible for the overall coordination of the Programme as well as for all contract and payment issues, acting as the Contracting Authority.

Only projects that are in accordance with the development goals and strategies of the RCC are eligible for this call.

This is a restricted Call for Proposals, two-tier process where in first instance applicants submit their Concept Notes accompanied with the Declaration and the registration related documentation for eligibility check reasons (here). The pre-selected applicants will be invited to submit a Full Application Form. The applicants with Full Applications provisionally selected, will undergo a detailed eligibility check, based on the supporting documents submitted (here).

The eligibility criteria apply to all of the following:

a. Eligibility of the applicants (here);
b. Eligibility of actions (here);
c. Eligibility of costs (here).
1. OVERALL OBJECTIVE OF THE CALL FOR PROPOSALS

   b) To support the SEE economies in implementing the related reforms to improve governance effectiveness and practices, establish consolidated public administrations, enhance the efficiency of judiciary, reduce corruption, enhance the fight against serious and organised crime, as well as facilitate practical regional and cross-border cooperation to these effects.

   c) To strengthen and deepen regional cooperation and partnership among all participants from SEE and other stakeholders, including the civil society, private sector, academia, media and others. Specific initiatives, such as the Roma Integration 2020, aiming to link Roma Strategies and National Action Plans on Roma to the socio-economic policies of individual governments in SEE, will be carried out within this area of RCC’s work.

The remaining 80% (in this case in the amount of EUR 43,200) of the funds should be foreseen for programming activities of the project.

The balance – co-financing (i.e. the difference between the total cost of the action and the amount requested from the Contracting Authority) must be financed from the applicant's or partners' own resources, or from other donors.

7. **EVALUATING AND SELECTING PROJECT PROPOSALS**

The first step in the evaluation procedure is the administrative check, which examines that all of the required documents were submitted on time and have been completed according to the Guidelines.

The Concept Notes and Full Applications will be considered and evaluated by the Evaluation Committee.

Each member of the Evaluation Committee undertakes individual evaluation procedure and all members sign the summary evaluation table for each project proposal. Evaluation is conducted using a scoring system, whereby the scoring criteria are divided into sections and subsections. Ranking the project proposals is carried out in a manner that the first ranked project proposal is the one with the highest score, followed by the project proposal with the next lowest score up until the project proposal with lowest scores.

Only projects with a score of 30 or more points will be taken into further consideration, as the proposals below this threshold have not met the set standards, thus questioning the efficiency of their ability for implementation.

The decision on grant approval is based on the total number of projects that can be financed within the available funds. These limits are set in order to define minimum quality of project proposals and ensure the best value for money. Projects with the highest scores will have priority in grant disbursement.

| Maximum total score | 100 |

**Note on Section 1. Financial and operational capacity of the Applicant**
In case the total score in Section 1 is lower than 10 points, the project will be excluded from the further evaluation process, as the organisation does not have the minimum capacities to ensure quality implementation of the proposed project.

**Note on Section 2. Relevance**
In case the total score in Section 2 is lower than 18 points, the project will be excluded from further consideration as the score implies that, although the applicant meets financial and operational capacities, the project’s concept is not relevant or in line with the defined priorities of the call for proposals; the project does not address the needs of the local community.

**Note on Section 4. Sustainability**
In case the total score in Section 4 is lower than 20 points, the project will be excluded from further consideration as the score implies that the activities will not benefit the objectives of the project in a long run.
8. **NOTIFICATION ON THE DECISION**

The applicants will be notified on the Concept Note evaluation outcomes according to the timetable provided in this Guidelines. Pre-selected applicants will be notified and informed to submit the Full Application tentatively four weeks before the deadline for the Full Application submission.

Unsuccessful applicants will be notified and granted a right to appeal with the complaint, according to the timetable provided in these Guidelines.

The results will be announced on the RCC website.

A decision to reject a Full Application or deny funds will be made if:

- The applicant does not meet the conditions of the call for proposals;
- Project activities are unacceptable (e.g. proposed activities go beyond the scope of the call for proposals, the project's stipulated duration exceeds the maximum allowed time period, the requested amount of funds exceeds the maximum allowed amount or is lower than the minimum, etc.);
- The project proposal was not sufficiently relevant; financial and operational capacities of the applicant are not sufficient, or the projects selected for funding have been superior in these areas;
- The quality of the project proposal was technically and financially lower in comparison to the projects selected for funding.

### Cancellation of a call for proposal

The RCC Secretariat may decide to cancel a call at any stage and in particular if:

1. The call for proposals was unsuccessful, i.e. no worthwhile application has been received or there is no response at all;
2. Economic or technical data of the programme have been fundamentally altered;
3. Exceptional circumstances or force majeure case render the normal conduct of the planned action impossible;
4. Irregularities in the procedure, in particular those preventing equal treatment.

In the event of cancellation, all applicants must be notified of cancellation by the RCC and will not be entitled to any compensation.
9. CONDITIONS RELATED TO PROJECT IMPLEMENTATION AFTER GRANT APPROVAL

After a decision has been made on grant approval, the applicants whose project has been approved will be offered a contract for project implementation. Before signing the contract and if needed, the RCC is entitled to request certain modifications from the organisation to the project, in order to align it with the rules and procedures of project implementation.
