Poštovani,

Ministarstvo za ljudska prava i izbjeglice BiH ključna je institucija koja prikuplja, sistematizira, ažurira i analizira podatke o realizaciji aktivnosti koje se odnose na integraciju Roma. Podaci se prikupljaju izvještavanjem institucija koje realiziraju grantove, uključujući i romska udruženja, njihove saveze i grupe, kao i lokalne koordinate i romske medijatore.

Akcioni plana za rješavanje problema Roma iz oblasti zapošljavanja, stambenog zbrinjavanja i zdravstvene zaštite Roma 2017-2020. usvojen je 19.07.2017. godine na 108. sjednici Vijeća ministara BiH gdje je navedeno da sastavni dio istog sačinjavaju i Obrasci Regionalnog okvir za praćenje napretka integracije Roma (Obrazac za izvještavanje o godišnjoj realizaciji javnih politika država učesnica koje se odnose na integraciju Roma).

U prilogu Vam dostavljamo Godišnji izvještaj o realizaciji javnih politika u Bosni i Hercegovini koji se odnose na integraciju Roma u 2017. godini. Pored podataka o napretku ispunjavanja strateških ciljeva Akcionog plana prema zacrtanim indikatorima, izvještaj sadrži i podatke o provođenju planiranog budžeta, uključujući i podatke o prikupljenim donatorskim te sredstvima drugih institucija.

Važno je istaći da će predmetni obrasci biti i sastavni dio Izvještaja o realizaciji aktivnosti Akcionog plana za rješavanje problema Roma iz oblasti zapošljavanja, stambenog zbrinjavanja i zdravstvene zaštite Roma 2017-2020. za 2017. godinu, a koju će razmatrati Odbor za Rome BiH i Vijeće ministara BiH. U slučaju potrebe, obratite se gđi Aleksandri Jarić na email: [aleksandra.jaric@mhrr.gov.ba](mailto:aleksandra.jaric@mhrr.gov.ba).

<sup>2</sup> The entire education area of Roma integration is being planned separately for the future period, based upon coordination between the State level government represented by MHRR and entity level governments, including cantonal ministries of education in Federation of Bosnia and Herzegovina. The data presented in this report relates to 2017 achievements and Revised Action Plan on Roma education, which expired in 2016. All data is collected from cantonal and entity ministries, local governments and NGOs, but it is not complete since there is no coordination mechanism or obligation for decentralized education institutions to provide timely and complete information on Roma integration.

<sup>3</sup> The information derives from Revised Action Plan on Roma education. The new framework Action Plan for education is under preparation.

<sup>16</sup> The budget represents total amount planned in the Action plan for Roma 2017-2020 for year 2017

<sup>17</sup> Baseline data originates from the Action Plan for Roma Integration in Bosnia and Herzegovina 2017-2020. The data is not disaggregated by gender.

<sup>18</sup> According to the LFS 2017, published by BH Agency for Statistics, the total number of unemployed persons in Bosnia and Herzegovina was 211,000.

<sup>19</sup> These funds will be spent by the end of 2017/beginning of 2018.

<sup>20</sup> These funds were actually spent in 2017, and were planned in 2016. There is a year delay between budget planning and budget realization, which is related to the Bosnia and Herzegovina Law on the execution of budgets.

<sup>21</sup> The total number of Roma who are employed or self-employed in 2017 is 123, as officially reported in September 2017. The number per gender is estimate only.

<sup>22</sup> The number represents total number of new jobs created in 2017, according to LFS 2017.

<sup>23</sup> This is an indicator of effects set for 2017 in the Action Plan.

<sup>24</sup> The number of newly employed in overall Bosnia and Herzegovina population in 2017.

<sup>25</sup> It is stated in the Action Plan for Roma Integration of Bosnia and Herzegovina that 2,645 Roma need to be included in employment and self-employment programmes.
