EU Delegation:

The EU Delegation provided an update on the information from the first meeting, informing that:

- **11,400,000** million EUR from IPA support allocated for Kosovo in response to social protection from the most effected (in short, medium and long term) is at the developing stage and must be finalized to be with the government.
- The approach of the EU support is to re-programme the re-existing programs through implementing partners and IOM.

2. Overview of the short term needs

- The NRCP is in coordination and follows the measures from the Office of Prime Minister-OGG, Office of Communities, Agency of Employment, and Ministry of Social Welfare, Ministry of Health and Ministry of Education.
- The NRCP highlights that Roma, Ashkali and Egyptians are facing difficulties in the economic aspect specifically in maintaining their small business sector.
- Continuation of coordination work among institutions and information sharing within OGG and line ministries, including with the local municipalities.
- The situation regarding home-schooling and access on education in the Roma settlements to be assessed (lack of devices for following the education, need for additional learning support materials, etc.)
- Mutual agreement within presented stakeholders at the meeting, to continue proving information in Roma Integration 2020 database. This will support central /local institution for coordination, information, planning proposals and governing implementation.
- Urgent need to receive social assistance Roma community members that are not yet registered and verified to benefit from the foreseen measure no 15 by Ministry of Social Welfare.
- Concrete information on settlements to be collected, updated, monitored and made available to those implementing actions regarding the response to Covid-19 and consequences

3. Who does what and coordination of various stakeholders

- Ministry of Education is in coordination with National Radio Television media houses for program delivery. Education is continuing in the form of home schooling and classes are maintained via TV and mobile app.
- According to the data's from Agency of Employment, until 29 April, there are total number of registered unemployed Roma are **242**, Ashkali **270** and Egyptian **247 members**.
- Agency of Employment will start soon to deliver vocational training for the interested candidates soon, and communities are eligible to benefit.
- Agency of Employment and VoRAE organization, made and agreement to continue supporting Roma communities in benefiting from active labour measures.
- VoRAE organization had launched online platform to help Roma communities register as unemployed (create their CVs, supportive documents) and collaborate with OGG and Agency of Employment to follow other supportive measures.
- UNDP worked with four mentees (UN Youth Volunteers) designed and implemented English-learning activities for 40 children of different communities at the Daily Center for children in street situation in Prishtinë/Priština and "Vlada Cetkovic" primary school in Mitrovicë Veriore/Severna Mitrovica, in particular to children of Roma, Egyptian and Ashkali communities. As a product of this initiative titled "*Breaking the Cycle of Exclusion through Creative Learning Activities*", the mentees are currently designing a workbook that compiles the most useful language learning practices for the children, which were identified during the learning activities. Some copies of the end product will be given to the centers in Prishtinë/Priština and Mitrovicë Veriore/Severna Mitrovica, where the teachings took place. Except that, educational centers, institutions and organizations, teachers, parents, and legal guardians can use this workbook as a non-formal learning tool, to help with children's language learning.
- UNDP working currently on survey in Socio economic aspect to be involved in "*recovery framework*" with sample of **1300 person** and business to measure the impact of COVID 19 country wise and special focus with vulnerable groups.

- Kosovo Foundation for Open Society - KFOS reported to have finalized their first phases of emergency with several different support packages:
 - **1765** food and hygienic package supplies have been delivered in 8 municipalities covering 40 locations inhabited by Roma, Ashkali and Egyptian.
 - **500** school material packages for children to continue their teleworking,
 - **50** families have been covered with payment of their TV and internet cables,
 - Media and informational program including roma language (TV, media) in corporation with ROMTEGRA organization, to inform the community with protective measures from all levels adapted to the local conditions.

4. Enduring synergies and complementarity

- KFOS had allocated **150,000** EUR to continue their work with local partners (Balkan Sunflowers, RADIC, Bethany Christian Services, Revo Concept) in supporting communities and ensure broad needs assessment, proper short, and medium and long term response especially in education for Roma.
- KFOS will continue their support with school material packages for children to continue their teleworking coming from other uncovered localities.
- KFOS learning caterers will start functioning by respecting the protective measures, facilitators and tutors will be engaged, registration for new school year is foreseen and planned and general campaign in informing the community on the expectations for better results in education of their children.
- KFOS will design tailor made educational programs that address the needs of the target groups such as “Online summer school” and extend the involvement of Roma communities.
- Charitable association “Rahmeti” has supported Roma 160 families in Rahovec municipality with the three basic elements: flour, bag of potato and beans.
- KOSINT currently working on campaign to build community dialogue and interview families from 7 municipalities of Kosovo. This campaign will put emphasis on community dialogue, solidarity and treatment within Covid 19 crises.
- KOSINT addressed vital obstacles reflected from the community such as: neighbourhood safety, lack of protective supplies for the community, lack of capacities for online learning access on to follow their homework, lack of electronic devices, lack of medications, and the higher need to benefit from measure 15 (social assistance).

5. Proposed targeted and mainstream measures

- OGG/NRCP should gather information regarding the situation on the ground, provision of aid, implementation of activities, results and impact from the action and should continue maintaining the table developed by RCC;
- The socio-economic recovery and development of the Roma community should be made part of the future funding;
- Concrete information on settlements to be collected, updated, monitored and made available to those implementing actions regarding the response to Covid-19 and consequences;
- Ministry of Health to provide information on the work of the Roma health situation and provide database information;
- There is a need for concrete statistics from the local level that will be accessible to all stakeholders. Having exact figures will help better planning for the current period (necessities from the field) and the period after the crisis (planning and programming long term measures);

6. Follow up

- Ministry of Social Welfare will present the comprehensive data's on the beneficiaries and plan to address the situation of Roma to the Government, in order to ensure the needs of Roma are incorporated in the mainstream plan and to secure public and EU funding for implementation.
- Planning and preparation and better information to the Roma community for the later stage of repetition of the same virus.

- KFOS suggested based on the data's being collected from RCC questionnaire data tables to develop a guidance on how to work with Roma communities as vulnerable group in addressing their needs for the future.
- The NRCP strongly recommends continuing several types of coordination meetings between institutions, civil society and other respective agencies.
- The Roma Integration 2020 will support the Government to provide technical assistance in coordinating, preparing plans, gathering information, preparing budgets based on the needs for recovery after the crises.
