Reporting to: Roma Integration Action Team Leader

Timeframe: (12 consultancy days) February 2022 – May 2022

Application Deadline: 24 February 2022

BACKGROUND

Purpose

The purpose of the consultancy is to assist the National Roma Contact Point from the economy where the assignment is performed (Bosnia and Herzegovina) in setting the monitoring mechanism for 2022 according to the new EU Roma strategic framework for equality, inclusion and participation in the EU and preparing the 2020 and 2021 Annual Report(s).

The consultant should assist the National Roma Contact Point to set an ambitious monitoring and reporting mechanism with measurable targets focusing on equality, participation and inclusion for the implementation of the Roma integration policy in Bosnia and Herzegovina.

The consultant has to assist with the preparation of the Annual Reports for 2020 and 2021.

The tasks entail soliciting inputs from the relevant implementing institutions, statistical offices and central financial institution, analysing the inputs, soliciting additional information as needed, preparing the information for the report as required within the format, and compiling the report.

Background Information

The Regional Cooperation Council's (RCC) Roma Integration Action Team implements the Roma Integration 2020 action. It is funded by the European Union and the Open Society Foundations. The action is in line with the EU Framework for National Roma Integration Strategies and the EU enlargement process.

The overall objective of the Roma Integration action is to contribute to reducing the socio-economic gap between the Roma¹ and non-Roma population in the Western Balkans and Turkey in the areas of employment and housing, as well as education, health and civil registration. Specifically, the action supports the governments in the region to increase the implementation rate and budgetary allocations for Roma integration policies, through:

- direct support and technical assistance to the governments to advance existing institutional and policy framework and mechanisms for Roma integration, including promotion of proper budgeting, monitoring and reporting;
- annual assistance to reporting and review of reports in line with the EU reporting;
- direct support and technical assistance to the governments for mainstreaming Roma integration into relevant sectoral policies and reforms, and implementation of effective measures, particularly in employment and housing;
- National Platforms on Roma integration issues;
- regional fact-finding analyses and informed regional discussions through conferences for exchange of knowledge and regional standard setting;
- participation and input at EU level processes related to Roma issues;
- mainstreaming Roma issues within the core work of RCC;
- media dissemination activities challenging negative narratives on Roma integration, as well as action's visibility activities;
- regular high level/task force discussions on Roma issues at regional level.

The consultant's assignment fits in the overall Roma Integration 2020 action and shall be guided by the Roma Integration Action Team.

I. DESCRIPTION OF RESPONSIBILITIES

Objectives and scope of the assignment

¹ The term "Roma" within the action is used in line with the EU terminology, as an umbrella term which includes groups of people who have more or less similar cultural characteristics, such as Roma, Ashkali, Egyptians, Dom, Lom, Sinti, Travellers, Kalé, Gens du voyage, etc., whether sedentary or not.

The objective of the consultancy is to establish or improve the monitoring system for 2022 and ensure that the government of the economy of assignment produces a comprehensive 2020/2021 Annual Report on the implementation of the Roma integration policy.

- The consultant shall assist the National Roma Contact Point to set or advance the procedures for internal monitoring and reporting, in terms of preparing forms for different institutions, standardising the procedure of preparing annual reports, and working with the Roma Integration Action Team in proposing a mechanism for improvement of the statistical and budgetary reporting. This task shall be defined more closely with the consultant, depending on the specific context in the economy of assignment.

The 2020-2030 EU Roma strategic framework for equality, inclusion and participation sets out three horizontal objectives, in addition to the four sectoral objectives of the previous framework². It also sets EU headline targets, improves data collection, reporting and monitoring, and proposes a new portfolio of indicators.

The 2020 Monitoring framework published by FRA³ sets out in detail the new objectives and indicators that can be consulted for this assignment. The new strategic framework encourages an intersectional approach and gives a stronger focus to combining the mainstreaming of Roma inclusion across policy areas with targeted measures supporting effective equal access of Roma to rights and services.

The task requires creating indicators and targets that are critical for policy learning and proposing quantitative and qualitative measurements that will enhance accountability and participation. As lack of official data on Roma is a major flaw in the overall policy design of the National Roma Strategies, the assignment should introduce specific and context acceptable system for data collection.

- The Annual Reports for 2020 and 2021 should be prepared according to the regionally agreed format adopted by the Roma Integration Task Force. It should follow the strategy/action plan for Roma integration, but may also include the measures envisaged within the Operational Conclusions and the Action Plan on Chapter 23 (as relevant). It should contain condensed information on the implementation of each planned measure, including information on the beneficiaries (disaggregated by ethnicity and sex) and on the planned and spent budget for each measure. The report should also provide an overview of the budget spent for the implementation of the Roma integration policy in 2020 and 2021. Highly important part of the report is the assessment of the impact of Roma integration policy, for which statistical data disaggregated by ethnicity and sex should be provided according to the agreed indicators.

The process of preparing the report starts by the National Roma Contact Point soliciting inputs from the implementing institutions, statistical office and central financial institution (Ministry of Finance) on the implementation of the Roma integration policy, whereby the

consultant assists in preparing the requests for input. The next step is the assessment of the inputs provided by the institutions in order to consolidate the information and prepare it for the report in the format needed (short, precise, focused, including statistics). The analysis also entails performing of operations on the received information if needed (for example, to calculate the budget spent for a measure in case the number of beneficiaries and the relative average cost of the service is provided). The final step is to compile the report.

Tasks:

- Assist the National Roma Contact Point to establish/advance the internal monitoring and reporting mechanism. This particular task is dependent on the specific context in the economy, and may include preparing standard information request forms, schedule of reporting, formulation of indicators, and similar. It shall be precisely defined with the Roma Integration Action Team at the beginning of the assignment.
- Assist the National Roma Contact Point to prepare the 2020/2021 Annual Report on the Roma integration policy implementation.
