

RECOMMENDATIONS

1. Enacting legislation and amending the National Action Plan on Inclusive Education to ensure integration of Romani children in standard schools with standard curriculum
2. Securing early childhood education for disadvantaged children
3. Developing a curriculum to support integration, together with measures to change attitudes within the teaching profession
4. Continuing to provide educational support for children whose mother tongue is not Czech
5. Disseminating the judgment of the Court to educational and legal professions as well as the judiciary and the general public
6. Issuing an immediate moratorium on new admissions to practical schools or special education for children with “mild mental disabilities”
7. Eliminating entry testing for primary schools and reforming the system of diagnostic tests
