Rescuing of "White Gypsies"

representatives of Muslim civil and religious authorities in Bosnia and Herzegovina - the exclusion of Muslim Roma from racial persecution

White Gypsies as part of the Muslim population ("assimilated" and "Croatianized")

Ministry of Internal Affairs of the NDH - August 30, 1941, the decision to exclude Roma from conscription

May 1942 Ustasha authorities - deportation of Muslim Roma from Travnik - reactions of Muslims in Zenica - "Zenička Declaration" 26-5-1942

Ministry of Internal Affairs of the NDH, May 29th, 1942 - suspended further deportations of Roma

Resolution from Zenica

"...Muslims so-called Gypsies are an integral part of the Muslim element in Herceg-Bosna. They are in no way different from other Muslims. They are born and die as Muslims, recorded in the same registers, they perform all the rituals of Islam, marry with other Muslim women and Muslims and are never considered as non-Muslims. They have always equally carried out religious and citizenship duties with other Muslims and enjoyed other rights as all Muslims at all times in the past and present. All Muslims without exception considered them now as always as being a part of their own and a joint body and they most vigorously and severely condemn singling them out and distinguishing these Muslims from other Muslims. All Muslims unanimously want and demand that these Muslims have the same position as all other Muslims in Herceg-Bosna...."

Mass arrests and the deportation of Roma

- May 20, 1942 - end of July 1942: systematic persecution of the Roma in the NDH: the regulations of the Ministry of Interior of the NDH Ustasha Surveillance Service/ Ustaška nadzorna služba, Directorate for Public Order and Security NDH/, Ravnateljstva za javni red i sigurnost NDH, Supreme army command NDH/ Vrhovno oružničko zapovjedništvo NDH

- Background of persecution: the initiative and support of the Nazi authorities (Romania, Bulgaria); Ustasha authorities is more "important" issue of deportation of Serbian and Jewish population; unfinished construction of death camp Jasenovac

- presented to the public as a state attempt to "make them work" and "craft training"; Roma were told that they would "settle" on farms of displaced Serbs and Montenegrins in Kosovo, Bosnia, or their displacement in the central Croatian area, or moving there to the "gypsy country"

- Examples of attempts to "protect Roma": Pisarovina, Kutjevo, Vrpolje, Gunja.

"... On June 3, 1942 Ustasha arrested all the Gypsies with their family members in Podr. Slatina and they were taken to a concentration camp at Jasenovac. All these families were executed in various ways. The Ustasha Emigration Committee was the main initiator of this crime and they gave directives to Ustasha to carry out these crimes and after this to loot their property. I don’t know about other perpetrators. Their property is all looted and carried away, also, by the Committee through its Ustasha...

Roma in the Partizan movement

- Roma partisan unit; from spring to autumn 1943, village Bijela (Daruvar municipality)

- First Slavonian NOP Squad: November 1942 (3 – 6 Roma)
Jasenovac Camp – Roma

• Roma weren't officially individually recorded, but with a number of a "railway wagons"
• Looting of property; frequent execution upon arrival
• Villages Gradina (BiH) and village Uštica
• July 1942 Jasenovac is almost without Roma, except for a small number of "Gravediggers" (killed in early 1945)

• Other camps in the NDH and beyond
• 1944, Hungarian camp Komar, 2000 (?) Medimurje deported Roma

Roma victims

• question of determining the exact number of victims of the Roma in the NDH (Jasenovac)
• Estimation: 7000 – 100 000 Roma casualties
• Narcisa Lengel – Krizman Roma 8570 (including about 3,000 unidentified persons); Milan Bulajić 40,000 Roma, Antun Miletic, 25,000 Roma, Ivo Goldstein 15,000 Roma; Manach Shell and Dennis Reinhartz 26,000 Roma

• problems: questionable demographic situation of the Roma population in NDH; the lack of Ustasha government documents; questionable number of Roma refugees from NDH in other areas (Italy)

• In the NDH, this was proportionally the greatest genocide on the Roma population during the Second World War (Deniss Reinhartz)
"... Today Gypsies should vanish along with the last edge of the Red Royal Mantle of Freedom, which is still sadly peering at the stage exit. Discipline, obedience, submission, restriction of certain movement – these are modern ideals. Let’s trap the clouds and curb the Sun!...Sir, sir, how will I manage without a Black Horse and a tent? Vodiske sli hilo. Me pe bušće dava! (Heart shivers. I will slay myself!). - Shut up, Gypsy, many poets were killed and a number of them killed themselves, they were robbed of their Pegasus and cloudy tents! Who will then understand you?...
